Medical weight loss · Add-ons

What to Pair with Your GLP-1

Enchanted
MEDICAL AESTHETICS

These add-ons can be paired with your Semaglutide or Tirzepatide program. Prescription items need a visit with your provider first, to make sure they are a safe fit with your health history and other medications.

Weight loss capsules

Prescription, taken once daily.

Capsule	What's in it	Price
Bella 3	Bupropion, naltrexone, and B12. Designed to help curb cravings alongside diet and exercise.	$120 / month
Bella 5	Everything in Bella 3, plus methionine, inositol, choline chloride, L-carnitine, and chromium.	$150 / month
Slim Cap	Sermorelin, naltrexone, methionine, inositol, choline chloride, and B12. Designed to support appetite control and body composition.	$180 / month
Lipo Burn	Naltrexone, yohimbine, caffeine, DHEA, B12, methionine, inositol, and chromium. Designed to help with appetite and cravings and support energy.	$120 / month
Energy Blend	Caffeine, chromium, aspirin, B12, B6, niacin, and yohimbine. Designed to support energy and metabolism.	$120 / month

Some capsules contain caffeine, yohimbine, or aspirin. Tell your provider if you have heart problems, high blood pressure, anxiety, or take a blood

thinner or an antidepressant.

Vitamin patches

A small patch worn on the skin that delivers vitamins and botanicals through the skin instead of the stomach.

Patch	What's in it	Price
Renew Patch	Collagen, hyaluronic acid, biotin, saw palmetto, resveratrol, zinc, ashwagandha, krill oil, black pepper extract, and vitamins A, C, and E. Worn overnight to support your skin and hair goals.	$75 / 30 days
Sculpt Patch	B12, garcinia cambogia, echinacea, goldenseal, and myrrh. Designed to support energy and appetite during body-shaping goals.	$75 / 30 days
Vitri Patch	A daily multivitamin patch: vitamins A, C, D, E, and K2; B-complex (B1, B2, B3, B5, B6, B7, B9, B12); omega-3 and -6; astaxanthin, turmeric curcumin, lion's mane, selenium, and CoQ10; zinc and lysine; and magnesium, potassium, calcium, iron, manganese, copper, and phosphorus.	$75 / 30 days

Patches are for adults. Renew and Vitri are not for children under 14 or under 75 lbs. Check with your provider first if you are pregnant or nursing, take medication, or have a medical condition. If your skin gets red or irritated, remove the patch with baby oil or rubbing alcohol and stop using it.

Peptides

Peptide	What it does	Price
Sermorelin	A peptide that signals the pituitary gland to release your body's own growth hormone, which naturally declines with age. Used to support recovery, sleep, and body	$285

	composition.	
NAD+	A coenzyme your cells use to make energy. Levels naturally decline with age. Used to support energy and recovery.	$285

Vitamin injections

Ask the front desk for current pricing.

B12	Helps the body make healthy red blood cells and supports the nervous system and energy.
BCAA	Leucine, isoleucine, and valine, amino acids used to support workout endurance and muscle recovery.
Glutathione	An antioxidant your body makes naturally. Used to support the immune system and brighter-looking skin.
Immune Booster	Vitamin C, glutathione, thiamine (B1), niacin (B3), and pyridoxine (B6) to support immune health.
Mega Burn	A blend of vitamins and nutrients involved in fat metabolism, designed to support energy for your workouts.
Nitro Amino Blend	Amino acids, the building blocks your body uses for protein, tissue repair, and recovery.
Skin Glow	Vitamin C, biotin, and glutathione to support clearer, brighter-looking skin.
Skinny Shot	B12 plus MIC (methionine, inositol, and choline). Designed to support energy and your weight loss program.

Compounded blends, patches, and supplements are not FDA-approved to treat any condition. Results vary.

Refills: Text (706) 710-4015 with your preferred vial size in mL.

Emergency: Call 911 for any severe reaction.
