Welcome!

This meal plan is designed to support optimal thyroid health by using nutrient-dense, thyroid-supportive foods.
Your thyroid gland plays a crucial role in your overall health, producing hormones regulating metabolism, body temperature, and energy levels. When your thyroid is not functioning optimally, it can lead to various health issues, including weight gain, fatigue, hair loss, and mood changes.

Fortunately, many foods have been shown to support thyroid health, including those rich in iodine, selenium, zinc, and other key nutrients. This meal plan includes a variety of whole foods that are rich in these nutrients, as well as anti-inflammatory foods to support overall health and well-being. Following this meal plan can nourish your thyroid gland and support optimal health and well-being. Let's get started!

Road Map to Success

01

GET BLOODWORK DONE

Blood tests can help determine if you have an underactive or overactive thyroid and identify any nutrient deficiencies or autoimmune conditions that may be affecting your thyroid health.

02

EAT A BALANCED DIET

A balanced diet that includes a variety of whole foods, such as fruits, vegetables, lean proteins, healthy fats, and complex carbohydrates, can help support overall thyroid health. Focus on foods rich in iodine, selenium, zinc, and vitamin D, as these nutrients are essential for thyroid function.

03

MANAGE STRESS

Stress can have a negative impact on thyroid health, so it's important to find ways to manage stress, such as practicing relaxation techniques like meditation or yoga, getting regular exercise, and getting enough sleep.

04

CONSIDER SUPPLEMENTS

In some cases, supplements may be beneficial for improving thyroid health. Talk to your healthcare professional about whether supplements such as iodine, selenium, zinc, vitamin D, or probiotics may suit you.

The Benefits
OF THIS MEAL PLAN

A thyroid-focused meal plan can provide several benefits for individuals looking to improve their thyroid health. Here are some potential benefits:

IMPROVED NUTRIENT INTAKE
A well-designed thyroid-focused meal plan can help ensure you get enough of the key nutrients needed for thyroid function, such as iodine, selenium, zinc, and vitamin D.

BALANCING HORMONES
A well-designed thyroid meal plan can help regulate the levels of thyroid hormones in the body, which can reduce symptoms such as fatigue, weight gain, and hair loss.

IMPROVED ENERGY LEVELS
An imbalanced thyroid can lead to fatigue and low energy levels. Eating a balanced diet with the right mix of macronutrients (carbohydrates, protein, and fat) can help support energy levels throughout the day.

BETTER WEIGHT MANAGEMENT
An imbalanced thyroid can lead to weight gain or difficulty losing weight. Eating a balanced diet with appropriate calorie intake and the right mix of macronutrients can help support healthy weight management.

REDUCED RISK OF NUTRIENT DEFICIENCIES
Individuals with thyroid dysfunction may be at higher risk for nutrient deficiencies. A thyroid-focused meal plan emphasizing nutrient-dense whole foods can help reduce this risk and promote overall health.

REDUCED BODY INFLAMMATION
Many detox meal plans are anti-inflammatory in nature, which can help reduce inflammation in the body and relieve symptoms of conditions like arthritis and other inflammatory diseases.

Is this Diet SUITABLE FOR YOU?

Before starting a thyroid health diet, it is important to consult with a healthcare professional, such as an endocrinologist or a registered dietitian, to determine if this approach is suitable for you.

However, if your goal is to eat healthily or lose weight, each goal is achieved by manipulating your calories and macronutrients. So, my question here is whether you have calculated your calories and macronutrients. Are 1,500 calories the right amount of calories for you to consume? If you haven't done this, here is what you must do.

It is essential to know how many calories you should consume daily, according to your target.

CALCULATE YOUR BMR

BMR stands for Basal Metabolic Rate, which is the amount of energy (in calories) that your body needs to maintain essential functions while at rest. Calculating your BMR can help you determine how many calories your body needs to function correctly.

There are several formulas to calculate BMR, but one of the most commonly used formulas is the Harris-Benedict equation. The formula differs for men and women, considering factors such as height, weight, age, and sex.

For men: BMR = 88.362 + (13.397 x weight in kg) + (4.799 x height in cm) - (5.677 x age in years)
For women: BMR = 447.593 + (9.247 x weight in kg) + (3.098 x height in cm) - (4.330 x age in years)

To use the formula, you'll need to know your weight in kilograms, height in centimeters, and age in years. Once you've calculated your BMR, you can use it to determine how many calories you must consume daily to maintain, gain, or lose weight. Note that this formula provides an estimate, and individual variations may occur.

Shopping GUIDE

A grocery store is the main source of all the foods that end up on your dinner table, so it's critical to shop there wisely if you want to eat as healthily as possible. Don't worry—it's easier than you think! Here are 8 of my favorite tips!

CHECK THE QUALITY BEFORE BUYING

In general, healthy foods will keep you longer than less healthy options. That's why it's important to check all fruits and vegetables before you buy them; if they look a little wilted or if they are significantly discolored, there may be something wrong with them, and you might want to pass on buying them. Of course, some produce is also better purchased while it's in season, as it will be more flavorful and affordable.

AVOID PROCESSED FOODS

Walking into a grocery store, you'll find plenty of healthy foods (and plenty of unhealthy ones). While it might seem complicated to avoid processed foods, there are ways to do so. Start by avoiding candy and sugary snacks. Look for fresh fruits and vegetables instead. Then, keep an eye out for less-processed options- they're often in aisles closer to natural food items than boxed items or cereals.

Fresh vs Frozen

Both offer unique benefits when it comes to fresh vs. frozen. Fresh produce is often more flavorful, as it has not been processed and frozen, and can also provide more nutrients. Frozen produce is convenient, as it is often already pre-cut and ready to be cooked, and it can also last much longer. Ultimately, it depends on your personal preference and needs, but both fresh and frozen can be great options for healthy eating!

DON'T SHOP ON AN EMPTY STOMACH

When you're hungry, you shop differently-you buy things you wouldn't normally eat and your willpower is reduced. To avoid making a bad choice, don't wait until your stomach is growling to head to the grocery store. Better yet, don't shop when hungry at all!

WRITE DOWN THE GROCERY LIST AND STICK WITH IT!

Before heading to your local grocery store, make a list of exactly what you need. This will ensure that you don't buy any unwanted items and that you only purchase foods that are healthy for you. Write your list down on a sheet of paper or on a notepad on your phone so it's easy to carry. Luckily, you get your shopping list already created with the meal plan.

BUY WHOLE FOODS

It's best to buy whole foods. These are food products in their most natural state with no artificial flavoring, sweeteners, or preservatives added Research shows that people who consume more whole foods have a lower body mass index (BMI) and are less likely to develop heart disease and diabetes. In general, avoid processed and packaged foods as they contain unnecessary additives and fillers that add calories without adding nutritional value.

CHOOSE ORGANIC WHENEVER YOU CAN

You may not be able to afford every single organic item on your grocery list, but when you can buy Organic foods that are produced without artificial ingredients or toxic pesticides, they're healthier than their conventional counterparts. If you can't always afford everything organic, make sure to prioritize produce (fruits and veggies), meat and dairy products.

TIPS FOR A *smarter* GROCERY LIST

- **Go to the grocery store purposefully**, stick to your list, save money, and decrease food waste.
- **Categorize your grocery list**: Make sure your list has foods categorized by area of the grocery store, so you don't miss items.
- **Plan ahead!** Use your meal planner, so you know what to buy for the week.

READ LABELS

When purchasing packaged foods, check the ingredient list and avoid products with added sugars, artificial preservatives, and other chemicals. Look for products with fewer ingredients, and choose whole grains over refined grains.

BUY IN-SEASON PRODUCTS

In-season produce is often fresher, tastier, and more affordable. Check out your local farmer's market for the freshest and most nutrient-dense produce.

Choosing clean and healthy foods is all about making conscious choices and being mindful of what you're putting into your body. By following these guidelines, you can create a shopping list that promotes overall health and well-being.

3 Dietician Tips
TO EXPERTLY MEAL PLAN

1. DESIGNATE A "PLANNING TIME"
Consistency is key in forming any habit. Meal planning involves giving yourself time to plan! Start slowly by setting aside 20 to 30 minutes on a Sunday (or whatever day works for your schedule) to think about the week ahead. Look at your schedule and brainstorm foods you would like to eat and the amount of time you have in the week to cook.

Reviewing your schedule allows you to work around time commitments such as kids' activities, work schedule, and social events. When using a meal planning template and noting your weekly schedule, it becomes easier to plan and harder to make excuses! You decide in advance if you want to plan a re-heated meal or maybe cook a quick 15-minute meal.

2. TAKE A FOOD INVENTORY = MEAL IDEAS
Taking stock of perishable food items on-hand is crucial in making a realistic and sustainable meal plan. The purpose of taking a grocery inventory is to use existing groceries first, so you only buy what you need. For example - if you have spinach, cherry tomatoes, mushrooms, and eggs in your fridge, plan a meal in your week to use these ingredients, like a spinach quiche or stir-fry with veggies and scrambled eggs.

3. PROGRESS, NOT PERFECTION
For beginners, meal planning is more important than the skill level in your meals. Creating a plan saves time, decreases eating out, increases healthy eating, and saves money. Making a straightforward meal plan and trying your best to follow through with it is more important than striving for advanced culinary creations, which may be unrealistic with busy weeknight schedules. Keep it simple!

Supplements TO CONSIDER

IODINE
Iodine is an essential mineral that is necessary for the production of thyroid hormones. However, it is vital to note that iodine deficiency is rare in developed countries, and taking too much iodine can be harmful.

SELENIUM
Selenium is a mineral essential for thyroid hormone metabolism and can also help reduce inflammation. Selenium deficiency has been linked to thyroid disorders.

ZINC
Zinc is an essential mineral for immune function and thyroid hormone production. Zinc deficiency has been linked to thyroid dysfunction.

VITAMIN D
Vitamin D is a fat-soluble vitamin essential for bone health and immune function. Vitamin D deficiency has been linked to autoimmune thyroid disorders.

PROBIOTICS
Probiotics are beneficial bacteria that can help support gut health and reduce inflammation. Imbalances in gut bacteria have been linked to autoimmune thyroid disorders.

Remember that supplements should be used with a healthy diet and lifestyle and should be taken as directed by a healthcare professional.

GREEN SMOOTHIE BOWL

Ingredients

- 1 ripe banana
- 1 cup (140g) frozen mixed berries
- 1 cup (240ml) unsweetened almond milk
- 1 cup (30g) fresh spinach leaves
- 1 tbsp chia seeds
- 1 tbsp raw honey
- 1 tbsp fresh lemon juice
- ¼ cup (30g) unsweetened granola
- ¼ cup (40g) sliced fresh berries (such as strawberries, blueberries, or raspberries)

Instructions

1. Combine the banana, mixed berries, almond milk, spinach leaves, chia seeds, honey, and lemon juice in a blender. Blend until smooth.
2. Pour the smoothie into a bowl.
3. Top with granola and sliced fresh berries.

Preparation Time: 15 min

Total Time: 15 min

Servings: 1

Nutritional Values

- Calories: 399
- Carbohydrates: 60g
- Protein: 15g
- Fats: 11g

Note

This smoothie bowl is packed with nutrients and antioxidants from fresh fruit and spinach, and the chia seeds add healthy omega-3 fatty acids. The granola adds a crunchy texture, while the honey and banana provide natural sweetness. It's a filling and delicious way to start your day on a healthy note!

QUINOA PORRIDGE

Ingredients

- ¾ cup (180ml) unsweetened almond milk
- ¼ cup (60ml) water
- ½ teaspoon cinnamon
- ⅓ cup (60g) quinoa
- ½ turmeric powder
- 1 tablespoon chia seeds

For the topping:

- ½ cup (60g) fresh raspberries
- ½ banana, sliced

Preparation Time: 20 min

Total Time: 25 min

Servings: 1

Instructions

1. Activate the quinoa by soaking overnight in cold water. The next day, drain and rinse the quinoa through a fine sieve (the grains are so small that they will wash through a coarse one).
2. Tip the quinoa into a pan and add the almond milk, water, cinnamon, and turmeric. Cover the pan and simmer for 20 mins. Stir in the chia and cook gently for 2 mins more.
3. Spoon the porridge into a serving bowl and top with raspberries and sliced banana.

Note

This quinoa porridge recipe is a delicious and easy breakfast option. It's a filling and nutritious alternative to traditional oatmeal and is gluten-free and dairy-free.

GOLDEN SMOOTHIE

Ingredients

- ½ cup (80g) frozen cubed mango
- 1 cup (210g) cubed pineapple
- 1 cup (240ml) unsweetened almond milk
- 1 tablespoon ground flaxseed
- ½ teaspoon turmeric powder
- 1 teaspoon chia seeds
- ¼ teaspoon cinnamon
- mint leaves for garnish

Instructions

1. Add all the ingredients to a blender or high-power food processor and blend for about 1 minute or until smooth.
2. Pour the smoothie mixture into a glass or serving bowl and garnish with mint leaves.

Preparation Time: 5 min

Total Time: 5 min

Servings: 1

Nutritional Values

- Calories: 400
- Carbohydrates: 53g
- Protein: 15g

Note

Golden turmeric smoothie is a healthy and delicious beverage made with ingredients that are known for their anti-inflammatory properties. The smoothie gets its golden color from turmeric, a spice that has been used in traditional medicine for centuries.

AVOCADO TOAST

Ingredients

- 2 gluten-free whole-grain bread slices
- 1 small ripe avocado
- 1 tsp flaxseeds
- ¼ tsp pink Himalayan salt
- ¼ tsp freshly ground black pepper

Preparation Time: 5 min

Total Time: 5 min

Servings: 1

Instructions

1. Toast your slices of bread until golden and firm.
2. Remove the pit from your avocado. Use a big spoon to scoop out the flesh. Put it in a bowl and mash it up with a fork until it's as smooth as you like it. Mix in a pinch of salt and pepper.
3. Spread avocado on top of your toast. Sprinkle with flaxseeds.

Nutritional Values

- Calories: 424
- Carbohydrates: 49g
- Protein: 12g
- Fats: 20g

Note

Avocado is a nutrient-dense fruit that offers a range of health benefits. It is high in heart-healthy monounsaturated fats, fiber, and a variety of vitamins and minerals, including vitamins C, E, K, and B6, as well as potassium and folate.

- 1 cup (190g) frozen blueberries
- 1 banana
- 1 cup (30g) spinach
- 1 cup (240ml) unsweetened almond milk
- 1 tablespoon chia seeds
- ½ teaspoon grated ginger
- ½ teaspoon honey

Preparation Time: 15 min

Total Time: 15 min

Servings: 1

Instructions

1. Combine all ingredients in a blender and blend until smooth.
2. If the smoothie is too thick, add more almond milk to reach desired consistency.
3. Taste and adjust sweetness if necessary with honey.

Nutritional Values

- Calories: 388
- Carbohydrates: 58g
- Protein: 13g
- Fats: 12g

Note

Blueberries are rich in antioxidants and can help remove toxins from the body. Spinach is high in chlorophyll, which can aid in detoxification. Chia seeds provide fiber and healthy fats, supporting digestion and eliminating toxins from the body. Ginger is anti-inflammatory and can aid in digestion.

KALE QUINOA AND AVOCADO BOWL

Ingredients

- ½ cup uncooked quinoa
- 1 cup (240ml) water
- 1 small bunch of kale, stemmed and chopped
- 1 avocado, diced
- 1 small carrot, shredded
- ¼ cup (15g) chopped fresh cilantro
- ¼ cup (30g) chopped raw almonds
- Juice of ½ lemon
- 2 teaspoons extra-virgin olive oil
- Salt and pepper, to taste

Preparation Time: 25 min

Total Time: 30 min

Servings: 2

Instructions

1. Rinse quinoa and place in a medium saucepan with water. Bring to a boil, then reduce heat to low and cover. Cook for 15-20 minutes until water is absorbed and the quinoa is tender—fluff with a fork and set aside to cool.
2. Combine kale, avocado, carrot, cilantro, and almonds in a large mixing bowl.
3. Whisk together lemon juice, olive oil, salt, and pepper in a small bowl to make a dressing.
4. Add the cooled quinoa to the mixing bowl and pour the dressing over the top. Toss everything together until well combined.
5. Divide the mixture into two bowls and enjoy immediately.

OVEN ROASTED SWEET POTATOES WITH GUACAMOLE

Ingredients

For the Sweet Potatoes:

- 2 medium sweet potatoes, halved lengthwise
- 1 tablespoon olive oil
- ½ teaspoon ground cumin
- ½ teaspoon paprika
- ¼ teaspoon Himalayan salt
- ¼ teaspoon freshly ground black pepper

For the Guacamole:

- 1 large avocado, pitted and mashed
- ½ small red onion, finely chopped
- 1 small jalapeno pepper, seeded and finely chopped
- 1 tablespoon freshly squeezed lime juice
- ¼ teaspoon Himalayan salt
- ¼ teaspoon freshly ground black pepper
- 1 tablespoon chopped fresh cilantro

Instructions

1. Preheat the oven to 400°F (200°C).
2. Toss the sweet potato cubes with the olive oil, cumin, paprika, salt, and black pepper in a large mixing bowl until well coated.
3. Spread the seasoned sweet potato cubes out in a single layer on a large baking sheet and roast for 20-25 minutes, stirring occasionally, until tender and lightly browned.
4. While the sweet potatoes are roasting, prepare the guacamole. In a medium mixing bowl, combine the mashed avocado, red onion, jalapeno pepper, lime juice, salt, black pepper, and cilantro. Mix well.
5. Serve the roasted sweet potatoes with the guacamole on the side.

TURMERIC SPICED CHICKPEAS AND SPINACH BOWL

Ingredients

- 1 tablespoon olive oil
- ½ onion, diced
- 2 cloves garlic, minced
- 1 ½ can (22 oz) chickpeas, drained and rinsed
- 1 teaspoon ground cumin
- 1 teaspoon smoked paprika
- ¼ teaspoon turmeric powder
- ¼ teaspoon salt
- 4 cups (120g) fresh spinach leaves, washed and dried
- ¼ cup (60ml) low-sodium vegetable broth

Preparation Time: 15 min

Total Time: 20 min

Servings: 2

Instructions

1. Heat the olive oil in a large skillet over medium heat. Add the onion, garlic, and sauté until the onion is translucent about 3-4 minutes.
2. Add the chickpeas, cumin, smoked paprika, turmeric, and salt to the skillet. Stir well to coat the chickpeas with the spices, and sauté for another 2-3 minutes.
3. Add the spinach to the skillet, along with the vegetable broth. Stir well to combine, and continue to sauté until the spinach is wilted and the broth has been absorbed about 3-4 minutes.
4. Remove the skillet from the heat, and divide the chickpea and spinach mixture between two bowls.

BROCCOLI BEANS AND AVOCADO SALAD

Ingredients

- 1 cup (90g) broccoli florets, blanched
- ½ can (7.5 oz/212g) red kidney beans or black beans, drained and rinsed
- ½ avocado, diced
- ¼ cup (40g) red onion, chopped
- 1 tablespoon olive oil
- 1 tablespoon apple cider vinegar
- 1 tablespoon Dijon mustard
- ¼ teaspoon Himalayan salt
- ¼ teaspoon freshly ground black pepper

Preparation Time: 10 min

Total Time: 15 min

Servings: 1

Instructions

1. Combine the blanched broccoli, black beans, diced avocado, and chopped red onion in a large mixing bowl.
2. Whisk together the olive oil, apple cider vinegar, Dijon mustard, salt, and pepper in a small mixing bowl.
3. Pour the dressing over the salad and toss to combine.
4. Serve immediately, or chill in the refrigerator for a few hours before serving.

Note

- Fill a glass or plastic container nearly full with water. With the flesh side down, place the avocado in the container, cover it, and place it in the fridge. This will keep the avocado from turning brown.
- Reserve 1 serving for the next day's lunch.

NUTRITIOUS GRAPEFRUIT & COUSCOUS SALAD

Ingredients

- ¼ cup (45g) couscous, uncooked
- ½ avocado, pitted and cubed
- ¼ grapefruit, peeled and segmented
- ¼ cup (70g) canned cannellini beans, drained and rinsed
- 1 oz (30g) feta cheese, crumbled
- 1 teaspoon fresh mint, chopped
- 1 teaspoon fresh cilantro, chopped

For the dressing

- 1 tablespoon lemon juice
- 1 tablespoon grapefruit juice
- 1 teaspoon olive oil
- pinch of salt & pepper

Preparation Time: 20 min

Total Time: 25 min

Servings: 2

Instructions

1. Cook couscous according to package instructions.
2. Make the dressing by placing all the dressing ingredients in a bowl and whisking until well combined. Set aside until needed.
3. Place the beans, couscous, avocados, grapefruit, feta, mint, and cilantro into a large bowl. Pour over the salad dressing and toss gently. Serve chilled or at room temperature.

PUMPKIN TURMERIC SPICED SOUP

Ingredients

- 2 tablespoons olive oil
- 1 onion, chopped
- 2 garlic cloves, minced
- 2 tsp turmeric powder
- ½ tsp cumin powder
- ½ tsp cinnamon powder
- ½ tsp nutmeg powder
- ½ tsp black pepper
- 3 cups unsweetened pumpkin puree
- 3 cups low-sodium vegetable broth
- 1 cup unsweetened coconut milk
- ¼ teaspoon Himalayan salt
- ¼ teaspoon freshly ground black pepper
- Fresh parsley or basil for garnish
- 1 tablespoon raw pumpkin seeds

Preparation Time: 25 min

Total Time: 35 min

Servings: 3

Instructions

1. Heat the olive oil in a large pot over medium heat. Add the onion and garlic and cook until the onion is soft and translucent.
2. Add the turmeric, cumin, cinnamon, nutmeg, and black pepper and stir to combine. Cook for about 1 minute, until fragrant.
3. Add the pumpkin puree and vegetable broth and bring to a boil. Reduce heat and simmer for 15-20 minutes.
4. Add the coconut milk and stir to combine. Simmer for another 5 minutes.
5. Use an immersion blender to blend the soup until smooth. Alternatively, carefully transfer the soup to a blender and blend until smooth.
6. Season with salt.

OVEN-BAKED SALMON WITH ASPARAGUS

Ingredients

- 2 x 5oz (140g) wild salmon fillet
- 1 garlic clove, minced
- 1 tablespoon freshly chopped parsley
- 2 teaspoons extra-virgin olive oil
- 2 cups (250g) asparagus, trimmed
- ¼ teaspoon Himalayan salt
- ¼ teaspoon freshly ground black pepper

Instructions

1. Preheat the oven to 350°F (170°C). Line an 8x8-inch baking tray with baking paper.
2. Place the salmon on a large baking tray. Rub it evenly with the garlic and parsley to coat; pour over the lemon juice. Drizzle with olive oil and season with salt and pepper. Arrange the asparagus and greens around the salmon in a single layer, and place the lemon slices over the top.
3. Broil (or grill) for 8-10 minutes or until salmon is cooked through to your liking

SALMON COUSCOUS SALAD

Ingredients

- 2 x 4oz (110g) salmon fillets
- 1 tablespoon olive oil
- dash of salt & pepper
- 1 teaspoon ground cumin
- 1 teaspoon ground turmeric
- 2 limes, 1 halved & 1 zested & juiced
- ½ cup (85g) couscous
- 2 tablespoons water
- 1 cucumber, diced
- 2 tablespoons parsley, chopped
- 1 tablespoon mint leaves, chopped
- 1 cup (20g) arugula
- 2 green onions, sliced

Instructions

1. Heat the oven to 400°F (200°C). Line a baking sheet with baking paper. Place the salmon fillets skin-side-down on the baking sheet. Drizzle with olive oil, season with salt, pepper, ½ teaspoon of cumin, and ½ teaspoon of turmeric. Place the halved lime, cut side up, next to the salmon.
2. Place the baking sheet and roast the salmon for 18-20 minutes until cooked.
3. In the meantime, cook the couscous according to the instructions on the packaging.
4. Prepare the dressing by combining the water, lime zest, and juice, and whisk until smooth. Add the remaining ½ teaspoon of cumin, the cucumber, and most of the parsley and mint. Mix well.
5. Add the cooked couscous and arugula to the dressing and toss to combine. Remove the skin from the cooked salmon and flake it with a fork.

QUINOA BOWL WITH AVOCADO BLUEBERRIES AND NUTS

Ingredients

- ¼ cup (45g) dry quinoa
- 1 cup (240ml) water
- ¼ avocado, sliced
- ¼ cup (35g) blueberries
- ¼ cup (30g) mixed nuts (such as almonds, walnuts, and pecans)
- 1 tablespoon olive oil
- 1 tablespoon balsamic vinegar
- Salt and pepper to taste

Instructions

1. Rinse the quinoa in a fine mesh strainer and add it to a medium saucepan with water. Bring to a boil, then reduce the heat to low and simmer for about 15 minutes, or until the water is absorbed and the quinoa is tender.
2. While the quinoa is cooking, prepare the toppings. Slice the avocado and wash the blueberries. Roughly chop the mixed nuts.
3. Whisk the olive oil, balsamic vinegar, salt, and pepper in a small bowl to make the dressing.
4. Once the quinoa is cooked, divide it between two bowls. Top each bowl with the sliced avocado, blueberries, and mixed nuts.
5. Drizzle the dressing over the top of each bowl, and serve.

OVEN ROASTED SWEET POTATOES WITH AVOCADO DIP

Ingredients

Oven-Roasted Potatoes:

- 2 medium sweet potatoes
- 1 tablespoon extra-virgin olive oil
- Pinch of salt and pepper

Avocado Dip:

- 1 ripe avocado
- 1 tablespoon extra-virgin olive oil
- 1 tablespoon lime juice
- 1 teaspoon freshly chopped cilantro or parsley
- ½ teaspoon dried oregano
- Pinch of salt and pepper

Preparation Time: 30 min

Total Time: 40 min

Servings: 2

Instructions

1. Preheat the oven to 400°F (200°C) and prepare a baking tray lined with parchment paper.
2. Wash and peel the potatoes. Halve the potatoes lengthwise, then cut each half in half and, finally, each quarter in half again.
3. Place the wedges on the baking tray, drizzle with olive oil, and season with salt and pepper. Bake for 12-15 minutes, then flip the wedges to the other side. Bake for another 12-15 minutes until charred and soft through.
4. Meanwhile, prepare the avocado dip: lightly mash the avocado in a small mixing bowl using a fork. Drizzle with olive oil and lime juice, and season with herbs, salt, and pepper. Mix gently to combine.
5. Enjoy roasted sweet potatoes with avocado dip on the side.

HUMMUS WITH ROASTED BROCCOLI

Ingredients

- 1 head of broccoli, cut into florets
- 1 tbsp olive oil
- Salt and pepper to taste

For the hummus

- 1 can chickpeas, drained and rinsed
- ¼ cup (60g) tahini
- Juice of ½ lemon
- 2 cloves garlic, minced
- 1 tbsp olive oil
- Salt and pepper to taste

Instructions

1. Preheat the oven to 425°F.
2. Spread the broccoli florets on a baking sheet and drizzle with olive oil—season with salt and pepper to taste.
3. Roast the broccoli in the oven for 15-20 minutes or until it is tender and lightly browned.
4. While the broccoli is roasting, prepare the hummus. Combine chickpeas, tahini, lemon juice, and garlic in a food processor or blender. Blend the mixture until it is well combined and smooth.
5. Slowly drizzle in the olive oil with the motor running until the mixture becomes creamy and emulsified.
6. If the hummus is too thick, add water 1 tablespoon at a time until it reaches your desired consistency.
7. Season the hummus with salt and pepper to taste.
8. Serve the hummus chilled with roasted broccoli.

What else to focus on
FOR THYROID HEALTH

SLEEP
When you sleep, your body and mind rejuvenate. It's essential to be mindful of how much a restful slumber each night can provide so that you feel energized before a big meeting at work or school- which would make it difficult for you during those times when pressure is highest! Your body needs at least 6-9 hours every day, and you'll get the most out of your energy if bed/wake-up times remain stable, even on weekends! A consistent bedtime routine goes a long way in helping people get quality shut-eye: Going through similar motions every single evening helps set our clocks right with respect to their circadian rhythms (which means more energy throughout the day).

STRESS
Stress can cause major issues with your overall health from both short-term and long-term effects. In the short term, it can cause a loss of appetite and reduce the speed of digestion, leading to constipation, bloating, and cramping. In the case, that stress, issues like gut disorders, inflammation, and chronic diseases can occur. Finding ways to reduce stress is essential to avoid stress-related stomach issues. Try stress-relieving activities such as reading, exercise, meditation, or spending time with loved ones.

EXERCISE
Exercise is an important part of every human's life, especially for your goal of (x). Finding things you like to do is very important, so I've got the perfect plan just for you. Remember, we eat to have the energy to work out, not the other way around!

FAQ

1. DO I HAVE TO FOLLOW THE MEAL PLAN TO A T?

I suggest you eat each meal according to the plan for the best results. That said, you can choose whichever day's meals you like. So, for example, if you want to follow the plan on Day 4 on Day 1, you can do that. However, you cannot mix and match Day 1's breakfast with Day 4's lunch. This is because the calorie and macronutrient distribution is carefully planned for each full day of eating rather than by meal.

2. WHEN SHOULD I EAT MY MEALS?

As a general rule, try to eat your meals so that they are evenly spread throughout the day. This usually means eating every 3-4 hours. However, it's more important to ensure you get all the nutrients you need while having a realistic plan that fits into your schedule.

3. HOW MUCH WATER SHOULD I BE DRINKING EACH DAY?

As per USDA guidelines, you should drink around 3 liters of water as a woman (FYI, this is 4 liters for men) daily. You can have some low or no-calorie beverages, but that shouldn't be most of your fluid intake. Coffee and tea are also allowed.

4. CAN I ADD SEASONING TO MY MEALS?

Yes, feel free to add seasoning to your meals. Herbs and spices are fine to add in any amount and offer great health benefits. However, salt and any seasoning that includes sodium should be moderately consumed, around 3-4 grams daily.
